## MIDTOWN CULTURAL ART FRAMEWORK PLAN

### CULTURAL ART NODES

The cultural art nodes diagram identifies the unique sub-areas throughout Midtown that have a high concentration of existing and potential cultural art and entertainment activities. Each of these areas has a unique personality that should be preserved and enhanced. These areas will continue to see a high volume of visitors and act as anchor points for the rest of Midtown. Focus investments, in areas where cultural priorities closely align, will include programs and resources such as shared parking, lighting, signage and wayfinding and noise abatement.
